XTGlobal Launches AI Practice to Accelerate Digital Transformation for Global Clients

Plano, Texas & Hyderabad, India – August 01st, 2025 – **XTGlobal Infotech Limited (BSE: 531225, NSE: XTGLOBAL)**, a publicly listed IT/ITES company, today announced the launch of its Artificial Intelligence (AI) Practice, a major strategic initiative expected to expand revenue opportunities, enhance service capabilities, and position the company as a next-generation digital transformation partner.

Strategic Investment in AI-Led Growth

The launch represents a significant expansion into the high-growth AI services market, aimed at meeting increasing global demand for automation, intelligent decisioning, and data-driven solutions. This move is aligned with XTGlobal's commitment to building high-margin, future-ready capabilities that drive both client value and long-term shareholder's returns. As part of this launch, XTGlobal's Managing Director, Rama Mullapudi has appointed Bharat Rampally to lead the AI practice, reinforcing the company's focus on strong leadership and innovation execution.

"With AI transforming the very fabric of how businesses operate, our clients are looking for trusted partners who can translate emerging technologies into real business value," said Bharat Rampally, Vice President and Head of AI Practice. "This launch reflects our deep commitment to innovation, responsibility, and delivering practical, outcome-driven AI solutions that make a measurable impact."

AI Offerings Designed for Scale, Efficiency, and Enterprise Adoption

XTGlobal's AI Practice will offer end-to-end services across the AI lifecycle, enabling recurring engagements and expanding wallet share from existing clients:

- AI Strategy & Road mapping – Develop long-term AI vision and phased investment plans for clients, fostering multi-year partnerships.
- ML Model Development & Optimization – Deliver high-ROI solutions like fraud detection and risk mitigation.
- Enterprise Integration – Seamlessly connect AI to existing platforms (Oracle, Azure, UiPath), reducing client switching costs and deepening system dependencies.
- AI Governance & Responsible AI – Build compliance-aligned frameworks for sectors like healthcare and finance, enabling penetration into regulated industries.
- Generative AI, NLP, and Computer Vision – Provide advanced automation tools to lower operational costs and increase scalability.

Value Proposition for Clients and Investors

- Diversified Revenue Streams: AI adds a new vertical to XTGlobal's service portfolio, enhancing its revenue mix beyond Oracle, Microsoft, and RPA offerings.
- High-Growth Market: Global AI market projected to exceed USD 500B by 2030 – XTGlobal's early positioning ensures a share in this exponential growth.
- Cross-Sell Potential: AI services can be integrated into existing Oracle/Microsoft client accounts, driving up-sell and client stickiness.
- Strong Margin Outlook: AI consulting and implementation services typically carry premium pricing, improving overall margin profile.
- Scalable Global Delivery Model: With delivery hubs in India and the U.S., XTGlobal can serve clients at scale with optimized cost structures.
