Notes

1. The above results were reviewed by the Audit Committee and thereafter taken on record by the Board of Directors of the company at the meeting held on July 23, 2020

2. The company has only one Segment of operation i.e. Software Services. Hence there is no requirement to Report as per requirements in Ind AS 108, 'Operating Segments'

3. The Unaudited Financial Reports have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the companies (Indian Accounting standards) Rules 2015 as amended by the companies (Indian Accounting standards) (Amendment) Rules 2016 prescribed under Section 133 of the Companies Act 2013 read with relevant rules issued there under and other accounting principles generally accepted in India and guidelines issued by SEBI.

4. The company has brought forward tax losses which were partly recognised as a deferred tax asset. Following principle of conservatism, it was appropriately disclosed as a part of notes to accounts in those years. During the current financial year, the company has achieved moderate turnover and is also assured of future sizable operations. In the back ground the management evaluated tax losses eligible for carry forward and set off against future taxable income arrived at deferred tax asset, recognition of which will result in provisioning of additional income to the same effect. The management, having considered various accounting principles, including matching concept and also considering the additional uncertainty arising from CoVID 19, decided to recognize only 1/4th of the said sum during the current year. Such amount is being apportioned to all quarters of the year evenly resulting in an adjustment of Rs. 13.33 Lakhs in statement of profit and loss for the quarter ending June 30, 2020

5. The above Unaudited Results are also available on Stock Exchange Website "www.bseindia.com" and also on the website of the company at "www.fitlindia.com"

6 The figures of the previous Quarter/Year have been regrouped wherever necessary
